

Brewtech® Dried Brewers Yeast

Description:

Brewtech® Dried Brewers Yeast is 100% dried *Saccharomyces cerevisiae* yeast from the brewing industry. The liquid yeast is dried fresh using the gentle roller drying process that provides a product in which nutrient levels and the fresh yeast aroma and taste have been maintained. Brewtech® yeast is a source of high-quality protein that is also rich in naturally occurring B-vitamins, and trace minerals. Brewtech® yeast provides quality protein, palatability and digestibility enhancements to pet foods. Typical inclusion levels range between 1-10% of the pet food.

Analysis:

	Typical Value
Crude Protein, %	45.0
Crude Fat, %	2.0
Crude Fiber, %	0.5

Features:

- Great aroma for pet foods and treats
