

Chocolate Rumen Optimizer

Description:

Chocolate Rumen Optimizer is an animal feed ingredient derived from chocolate, high sugar candies, cake mix and cooked cereals. Chocolate Rumen Optimizer is an excellent source of energy from rapidly fermentable sugars and starches for high producing dairy cows and beef cattle. Typical inclusion rate is 1-3% (0.5 to 2.0 lb./head/day) in the final diet.

Analysis:

	Typical Value
Crude Protein, %	9.5
Crude Fat, %	11.0
Total Sugar, %	52.0
TDN, %	91.6
NE _L , Mcal/lb.	0.96

Features:

- Chocolate aroma and flavor to encourage DMI
- Rapidly fermentable sugars and starch to support VFA production
- Pleasant, sweet taste to encourage
- Greater milk production
- Available in bags, totes & bulk
