

Granulated Sugar

Description:

Granulated Sugar is a white crystalline sugar that is commonly used in pet foods to provide sweetness. Chemically, it is known as sucrose, a disaccharide of glucose and fructose. There are two common sources—beet sugar and cane sugar—with the same final chemical composition and sweetness.

Analysis:

	Typical Value
Sucrose, %	100.0

Features:

- Natural sweetener
- Readily digestible
- Free-flowing
- Available in bulk, totes, and bags
- Produced in SQF-audited facility
